## **MISSION STATEMENT**

The Gold Coast Woodturners, a chapter of the American Association of Woodturners, was formed in 1992 to promote an awareness of the craft and art of modern-day turning. Each meeting is designed and organized to present woodturning-related programs and projects to the members. Demonstrations are also presented that may be performed by a GCWT member or a world-recognized guest turner. No matter what is scheduled for the next meeting, the results will be the same. Woodturners will gather to share their experiences as well as learn from the experiences of others. All benefit, novices and "old-timers" alike. Beginners learn techniques and styles while the experts reaffirm their skills by demonstrating and teaching.

## **Gold Coast Woodturner membership benefits include:**

- Participation in all GCWT-sponsored activities and demonstrations.
- Weekend workshops to learn new techniques.
- Wood source opportunities through raffles and auctions.
- Tool and supply discounts available from local and national retailers.
- Videotape library.
- Tools and accessories available for loan.
- To support the AAW, the national woodturners organization we encourage our membership to join the AAW and receive the American Woodturner Magazine.

## **PRESIDENT'S MESSAGE**

Rick Pixley, June, 2005

Exciting news!!! This is the first month of a new beginning and an expanded relationship with Woodcraft. Our future meetings will be held in the classroom at the Woodcraft store. In the beginning, if you have a folding chair, please bring it as seating is limited. Thanks to Anand and the good folks there for donating space and a lathe for our use. Should be a COOL and QUIET meeting.

There are several considerations for the next meeting so please plan on attending. One is what to do with the General. For a limited time it is being stored in Jerry's warehouse so we need to make plans on how best to store/dispose of it. Maybe an E-bay guru, maybe an auction, this is up to the club. Another item will be the formation and announcement of a committee to recruit a proposed slate of officers for the coming year. Even if you are not selected by the committee the option to run is always open and in fact welcomed. I urge everyone to take an active roll in this very important function as being a member of a club. Please take a look at the attached membership list and make sure all your info is correct. If there are any problems get with Elliott at the next meeting. If you know of anyone not having E-mail please call them to make sure they are aware of the change in meeting location, especially Len.

This is the start of the real season for turning as the days will be getting a little less humid and all the shows are very soon. Please think of taking an active part in these club events and you might even make a few bucks in the process. This is also the time of year to start thinking of dues for the next year. Please get them in early as this is the operating income for the club and serious decisions will be made on the availability of these monies.

I want to take a moment and thank a few folks for their help in administration functions from last year: Dee for the library, Jerry for the schedule of demos, Elliott as the keeper of the cash and my wife Alva for the great job as secretary. Lee has agreed to take over the tools and keep them at his "studio". The latest addition is one who is tireless in his role as administrator of our website and I greatly appreciate all he has done to help make our site one of the future sites to behold in the world of woodturning Thanks Dave!! This said, I need a committee to draft rules for the website and till then I have appointed Jerry, Lee, and myself to act as editors and administrators for the club's website. If anyone raises a question or complaint about any content this committee will resolve it.

Lastly, at our next meeting, anyone who would like to have their work (almost everyone) on our website or submitted as part of a club article for publication by the AAW, please bring about 3 or 4 pieces of your best work to the next meeting. David will be doing the photos and downloading these on his laptop. Should be a beautiful art show.

Just a closing comment on the reason for the move. On several occasions we had been promised a/c and this was not forthcoming. In my opinion the facilities actually became unbearable to the point we had to cancel a meeting. The final decision and action was done at a board meeting, and this is an example why we need active participation to look out for our club's best interest.

Rick

## **MEETING MINUTES OF SEPTEMBER 15, 2005**

### **Business**

Rick Pixley started the meeting by welcoming guest Lidney, from the Fort Lauderdale Carving Club.

Thanks were given to David Allen and Elliott Schantz for their help in purchasing the new lathes and chucks. Also thanks to David Kerzel for establishing a website for our members on which to show their work (10 pieces per member).

Woodcraft will be putting a Wood Creations Show on November 12<sup>th</sup>. You need an entry form that should be submitted by November 9<sup>th</sup> (go to the Woodcraft website for a copy). Professional judges will be available to hand out ribbons and gift certificates. Vendor tables and tents will be made available. You can also sell your work and 20% will go to Woodcraft. There will also be food and face painting for kids.

There is a brochure available to obtain insurance from the AAW.

There is a new lathe out called Robust Lathe. Purchasers will receive 10% off. See Rick for the letter.

John Hill from the AAW wrote telling us about the establishment of an Emergency Relief Fund. Please contribute in any way.

John Busso told us about a small projects woodturning demonstration given by Dick Sing in West Palm Beach on September 24<sup>th</sup> at a cost of \$35. There will also be a hands-on Sunday and Monday.

Elliott made a motion that the club donate \$200 to the AAW Emergency Relief Fund. It was seconded and unanimously passed.

At the next meeting in October, we will need to suggest a slate of names for new officers. If anyone wants to run, put your name in.

Carl Spinnler stated that you can have a bad reaction when turning African blackwood.

There was no new business.

Hans Sole won Carl Schneider's bring-back.

## **Demonstration**

Hans Sole was kind enough to do a demonstration for us on design.

He displayed a beautiful piece that had a bottom which was held off the table by legs extending from the rim of the bowl. When he makes a bowl he likes to show off the grain of the wood. He said that the entire bowl has to be interesting, top and bottom. He demonstrated his techniques on the lathe. Thank you Hans for a very informative demo.

## **Instant Gallery**

Our instant gallery never disappoints:

**ROGER STEGMAN:** Snowmen boxes, white wood, poly finish; candle sticks, poly finish; inset bowl, Norfolk Island pine, poly finish.

**DIANE KLEIN:** Antique four poster bed; mahogany; stain finish.

**DEE TRUDEAU:** Three vases; Norfolk Island pine; poly wipe on finish.

**P. SCHMIDLIN:** First attempts.

**DAVID KEANE:** Two vases; Norfolk Island pine; one wipe on poly and one lacquer.

**MIKE MILLS:** Bowl, WI Tamarind, true oil finish; bowl, maple, true oil finish.

**BOBBY JAMES:** Vase, box elder, wipe-on poly; bowl with natural top, royal palm, wipe on poly finish.

**CHRIS BALL:** Pen, diamond wood, wipe on poly finish.
